Текст задачи

В рамках данной лабораторной работы необходимо дополнить проект калькулятор следующими элементами:

- 1. ListBox/TextBox (на выбор). Данный элемент должен использоваться для сохранения всех операций калькулятора. В случае TextBox указываются свойства TextWrapping="Wrap" AcceptsReturn="True"
- 2. CheckBox. Данный элемент отвечает за включение/выключения функции записи операций калькулятора в ListBox/TextBox
- 3. Button. Кнопка для полной очистки ListBox/TextBox
- 4. Button. Кнопка для удаления последней операции из ListBox/TextBox
- 5. Radiobutton (2 шт.). Для выбора режима видимости/невидимости элементов из пп. 1-4.
